## Medicare Savings Programs (MSPs)

MSPs are special programs that help people cover some Medicare costs. There are four types:

### QMB (Qualified Medicare Beneficiary):

- Covers Medicare Part A and Part B costs.
- Can also help you qualify for help covering prescription drug costs.

### SLMB (Specified Low-Income Medicare Beneficiary):

- Helps pay for Medicare Part B premiums only

### QI (Qualifying Individual):

- Assists with Medicare Part B premiums.
- Benefits are provided on a first-come, first-served basis.

### QDWI (Qualified Disabled and Working Individuals):

- Helps disabled individuals under 65 who lost premium-free Medicare Part A.
- Assists with Medicare Part A premiums.
